Committee.
The Committee on Poor House Building made the following report and on motion of Mr. Roberte the same was

adopted. To the Honorable Board of Supervisors of Kent County:

Gentlemen-Your Committee on Poor House Building would respect-fully report their proceedings duce the adjournment of this Board on Oc-

Your committee met on the 4th day of November and after a careful review of the plane, in order to secertain as to whether any alterations were

BOARD OF SEPERFISORS | Marine that the personal land of the land o tions, your committee requested the several parties who presented bids to your benerable body, to submit new propositions to your committee for the ection and completion of the building, and also invited them to furnish wour committee separate proposals, eparating the mason work from the lance of the work necessary to complete the building. Your committee after having carefully considered the proposals to submitted, deemed it advisable to do the excavating themselves. and therefore on the 16th day of November went to the count farm together with the architect, and staked out the ground for the building, and arranged with R. V. McArthur to do the excavating, which he proceeded to do at once, working the county teams and hiring such assistance as was nec-

essary. During the excavating nearly enough sand was procured to do the brick work, consequently your com-mittee thought it best to furnish all the sand necessary to do all of the mason

Your committee then on the 5th day of December entered into a contract with approved bonds with A. W. Rush & Son, architects (see exhibit "A") for the furnishing of plans, etc., and on the same day entered into contract with Jacob Barth & Son, they having furnished an approved bond (see exhibit "B") for the furnishing all labor and materials in accordance with their said contract, for the sum of \$13,250. On December 10th, your committee having received an approved bond from Wm. Koepke, entered into a contract with him (see exhibit "C") to do all the mason work and furnish all the materials, except brick and sand, for the sum of \$5,750. On the 11th day of December your committee entered into a contract with the Caledonia Brick & Tile Company for the furnishing of the brick-for the building, they also furnished a bond for the performance of their contract (see chribit "D"), the contract price of said brick being \$4.75 per M delivered on the ground.

On the 31st day of December your Sproul & McGurrin (see Exhibit E") to furnish the steam heating complete for the building for the sum of \$2,427.00, they furnishing the county a bond, a copy of which is attached to their said contract. On the same day your committee having completed the excavating, together with the architect allowed R. V. McArthur \$70.87 with which to pay for assistance he had hired. The said R. V. McArthur also presented a claim for \$57.60 for work done by the county teams and inmates of the county house in behalf of the Superintendents of the Poor, which amount your committee propose to transfer from the Poor House buildfund to the poor fund, but as there is more work being done by the county teams, will want until their work is finshed and transfer the full amount to which the poor fund is entitled at one

The several contracts are as follows, estimating the amount of brick:

Jacob Barth & Son, \$13,250.00; Wm. Koeke, \$5,750.00; The Caledonia Brick and Tite Company (estimated) \$3,100. 00; Sproul & McGurrin, \$2,427.00; excava ting, \$128.47; total, \$24,655.47. All of which is respectfully submit-

MEN WITH GOOD MEMORIES. Had the Ethis Been Lost Prof. Laws Could Have Repeated It.

The genuine genius has a great deal trouble with his memory. Henry Clay couldn't repeat a verse of any poem. He couldn't repeat the old long meter Dozelogy, "Praise God from whom all blessings flow," but he never forgot an argument, a name or a face. Lerden, an intimate friend of Sir Walter Scott, could repeat an act of parliament after hearing its first

It is an old story that Milton could repeat Homer. Charles James Fox ence paid a visit to the town of Gorenm. He was relating an incident that occurred there, but could not think of the name of the town. The next day he was gving a dinner, and while carving he startled his greats by calling out "Gorcum, Gorcum," The name of the town had just occurred to him. A London reporter took no notes, and yet when an unexpected debate sprung up and he was left alone be could write it out variouslim. When listening he closed his eyes. He called it "being held up by the

According to the Irish Times Prof. Lawson boasted that he could, if the Bible were lost, repeat the whole of it, with the agreption of a few verses.
Lord Macaulay made the same boast
about "Pilgrins's Progress," smi "Paradise Lest." It will be remembered
that none of the works named were iest, so that the gentlemen were never
